

Ocean Canyon Properties (OCP) is a system of privately owned membership resorts.

Client Requirement

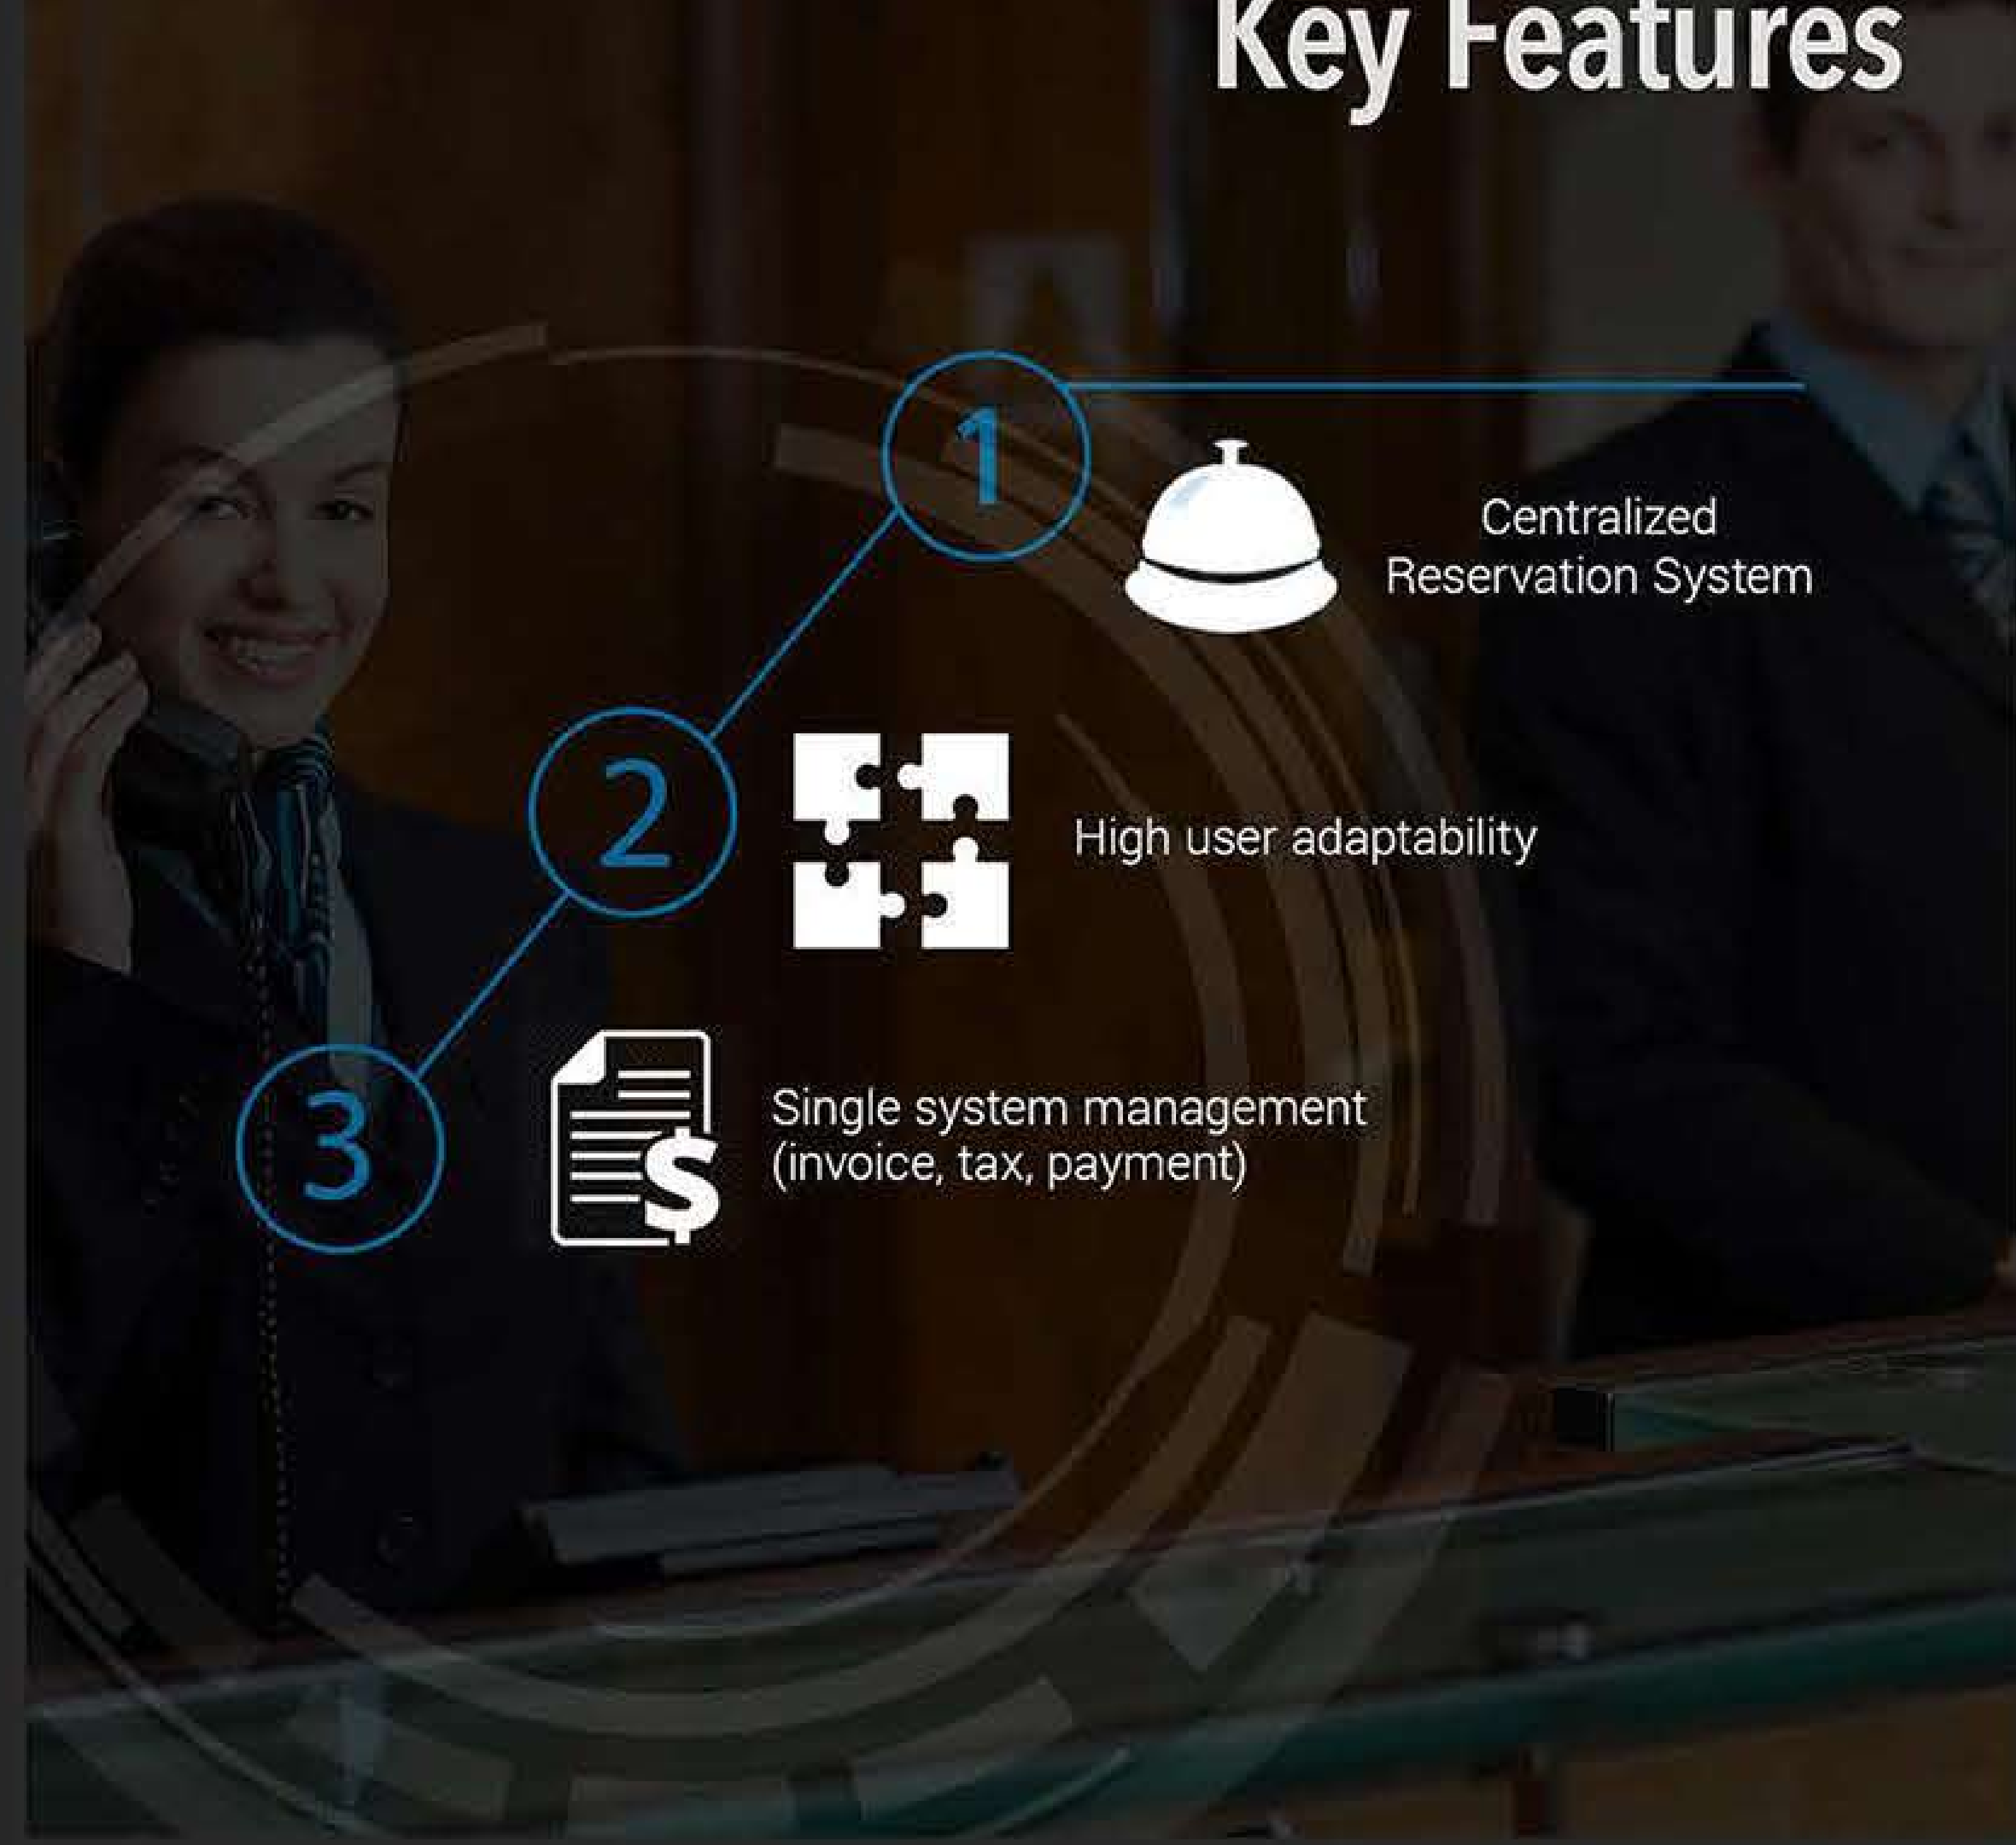

OCP required a solution which would achieve cost effectiveness in data storage and reservation system.

Enigma Solution

We built a reservation system where agents were able to make reservations from anywhere in the world. We also automated complex business aspects and integrated their portal for members with Salesforce.

Key Features

Creation of a centralized reservation system for resorts and camp grounds, Invoice, Tax, Payments- all managed in a single system and an advanced UI and UX with very high user adaptability.
